

# **Skippered Charters, Corporate Sailing Events and Team Building Events**

For fun, care-free and affordable adventures, read on....

## **Skippered Charters**

Do you feel like having a fun and care-free adventure with a fresh sea-breeze on your face and in your hair? Then a skippered charter is just what you are looking for! One of our friendly, knowledgeable skippers will accompany you to ensure you have a most enjoyable experience, regardless of whether you are a novice or experienced sailor.

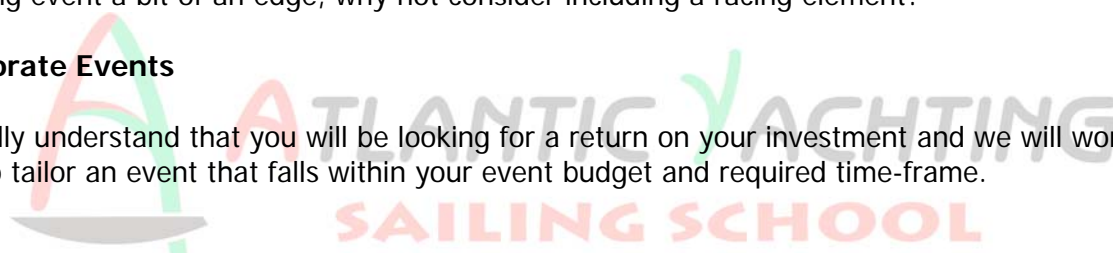

With two L34 feet yachts, a catamaran, an inflatable rubber duck and the facilities of Club Mykonos Private Resort at our disposal, we have everything that is required to facilitate corporate events and give your staff, clients and guests an enjoyable and unforgettable experience.

## **Team Building**

Few activities inspire bonding and teamwork to quite the same extent as sailing. By its very nature, sailing encourages trust, strengthens relationships and fosters morale. Whether you are looking for a recreational or more purpose-driven team building event, we can tailor the perfect event for you, building skills and using content relevant to your business. To give your team building event a bit of an edge, why not consider including a racing element?

## **Corporate Events**

We fully understand that you will be looking for a return on your investment and we will work with you to tailor an event that falls within your event budget and required time-frame.

Our aim is to provide you with an unforgettable, totally enjoyable experience that will remain with you for the rest of your life. We guarantee you first class training and experience with all our courses
